ShareCover Canon Insurance for members who list their gear on Kyōyū

We know your gear is important to you. As a thank you for signing up with us, we've arranged insurance for any gear you list on Kyōyū, at no charge to you.

What you need to know

- If you list your gear on Kyōyū, you'll get insurance coverage under the insurance policy we've arranged. This policy provides cover with respect to theft and accidental damage of your gear while it is rented to another Kyōyū member through the platform. Cover is available for an amount up to \$15,000 per claim with an excess of \$200 per claim for each rental. This policy is valid until 2nd August 2020. We will notify you in the event this insurance product is cancelled or is unlikely to be renewed. In the event that we fail to notify you that the insurance is no longer available, Canon Australia Pty Ltd (**Canon**) will indemnify you for any loss or damage incurred as a result of our failure.
- Currently, this insurance is not for renters. If you are a renter, please treat gear you rent as though it was your own as you are not covered for damage, loss or liability under this insurance policy.
- While Canon has purchased this insurance policy, it is not the provider of the insurance. This insurance is provided by ShareCover.
- You can access the Product Disclosure Statement (PDS) [here](#). The PDS explains in more detail what is covered under this insurance policy and what is excluded. You should read this carefully so that you understand how the insurance policy works and what the limitations are. Alternatively, if you would like a copy of the PDS, please contact us at share@canon.com.au or phone 13 13 83 and we will provide you with a copy of the PDS within a reasonable timeframe and free of charge.
- Canon does not hold an Australian Financial Services licence and as such, we can't provide you with any advice about the insurance product and we have not considered your personal or financial circumstances when arranging this insurance product. You should consider getting your own financial product advice from a person who is authorised to give you that advice.
- To confirm that the policy is still active or to verify if you are covered by the policy, you can contact ShareCover directly at contact@sharecover.com. Just be sure to mention the "ShareCover Canon Insurance".
